New Feature: PayPal Online Payments

It's finally here! Get paid faster with a "Pay Now" button attached to your online invoices. Not only will your clients receive their invoices by email, but they can immediately pay for it quickly and conveniently.

This is not a default setting, so you will have to activate it in your Bill4Time account. When you look under "Settings," you will see an additional tab: Online Payments.

Below is a tutorial video which will show you step-by-step instructions on how to:

1. Enable PayPal online payments.
2. Invoice your clients with a PayPal payment option.
