# System Update – Billable Rates per Activity Type

It's finally here: [billable rates](#) per activity! Now you can assign a specific rate per activity and make your time tracking software experience even faster. This will override your default rate so the rate per activity will automatically be applied.

[Time Billing Software Update - Billing Rates Per Activiy](#)

To get started with your billable rates per activity, just do the following:

1. Click on "Settings."
2. Click the "Custom Lists" tab.
3. Click on "(edit)" next to "Billable Activity Types."
4. Put a check next to "Rate."
5. Put in the desired rate for the appropriate activity type.
6. Click on the "Save" button.
7. Close the window.
8. Refresh the main screen.
